

Two scientific posters presented by Pharmaleads in two prestigious International congresses rewarded in 2018

Respectively Best Poster at the International Conference on Opioids and Runner-up at the World Institute of Pain Congress

Two scientific posters presented by Pharmaleads in 2018 have been rewarded in two prestigious International congresses: best Poster at the International Conference on Opioids and Runner-up at the World Institute of Pain Congress. This international acknowledgment of the quality of Pharmaleads' scientific developments confirms the marked interest of the world leading pain specialists for Pharmaleads' compounds.

The Posters:
